by Providing Skilled Labor Through our Industries Program*

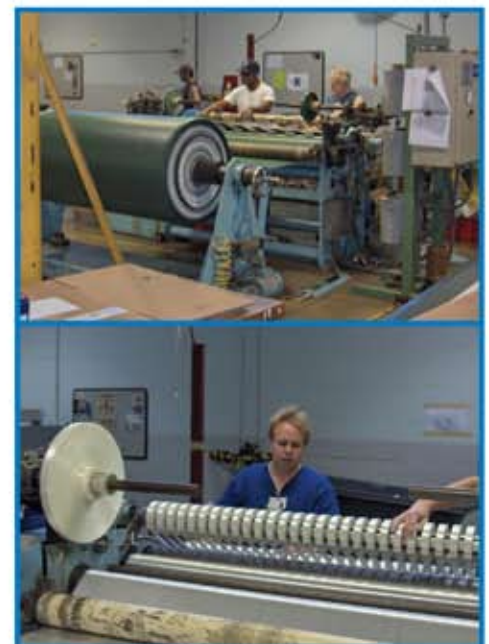

CABVI's CAPABILITIES

Manufacturing Operations

CABVI's core competency is the conversion of mill-sized rolls of both paper and pressure sensitive tape to consumer sized, retail friendly products. To do this CABVI operates:

- A series of roll converters, slitters, rewinders and packaging equipment using 3M, Shurtape and other quality materials
- Mechanical and electro-mechanical operations which include riveters, stitchers, presses, jammers and sealers
- A high speed 3 color tape printing operation
- A repackaging and fulfillment operation that includes kitting and packaging components with shrink-wrap capability
